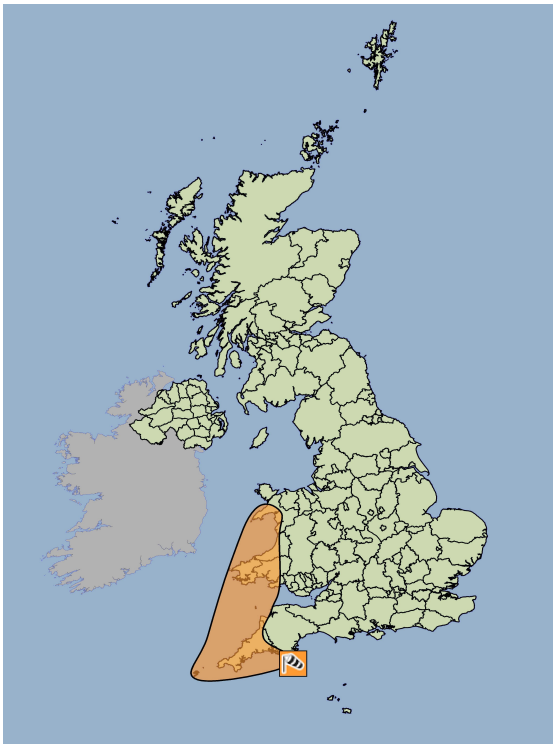
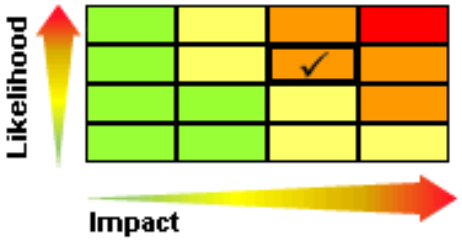
National Severe Weather Warning Service





Chief Forecasters Assessment
A small, but intense area of low pressure will move quickly north close to southwest England and West Wales bringing the risk of severe gales and powerful gusts. The strongest winds are likely to affect south facing coasts and hills.

The Met Office have issued an **Amber Warning** of **Wind**

Valid from **09:30 on Thu, 13th Nov 2014** until **14:00 on Thu, 13th Nov 2014**

A short spell of very strong winds will move north during this morning and early afternoon with severe gales and gusts of 75 mph.

The public should be prepared for disruption to transport and for possible damage to trees and buildings.
